**starts on February 02, 2009,**  
**except for the 5th year dentistry students: January 26, 2009**  
**according to the timetables.**

**Enrollment in ETR:**

**January 19, 2009 ( 8:00 a.m. ) – January 30 (12:00 a.m.)**

By enrolling the students are to activate the second semester of the academic year 2008/2009 in the ETR (or make it passive if they do not continue their studies in the second semester).

Having all the grades and signatures written in, after the exam period the students are to submit the grade books during the first week of instruction to the Registrar's Office. For delayed submission a delay fee is to be paid, according to the Code of Students' Fringe Benefits and Allowances.

**Taking up and dropping courses for the second semester of the academic year 2008/2009:**

**January 26, 2009 (8:00 a.m.) – January 30 (12:00 a.m.)**

The period only alters in case a course is cancelled. In this case, with the help of the Registrar's Office staff, on February 02 a course with the same amount of credit points allocated can be taken up, of course only if the head count limitation is not reached.

Should you face any problems while taking up or dropping the courses, please contact the Registrar's Office as soon as possible.

The schedule, timetables and main deadlines (e.g. submission of requests) can be downloaded from the website [www.aok.pte.hu](http://www.aok.pte.hu).
