

16th International Student Congress of Medical Sciences 2nd-5th June 2009

Deadline abstract submission: 15th February 2009

"The number one congress for medical students"

Dear Sir/Madam,

From Tuesday the 2nd until Friday 5th of June 2009 the 16th edition of the International Student Congress of Medical Sciences (ISCOMS) will take place at the University Medical Center Groningen (UMCG), the Netherlands.

About us

ISCOMS is organized annually, since 1992, by medical students for students from around the world, in cooperation with the UMCG. The UMCG is one of the best hospitals in the Netherlands. At the ISCOMS students can present their research either as a moderate poster, as an oral presentation or as a plenary presentation. Accompanying the presentations we offer a broad range of workshops and lectures from key-note speakers. Students can visit the congress either as a presenting participant or as a non-presenting participant. Furthermore, there is an extensive social programme.

Last year

ISCOMS is a truly international congress: in 2008, 706 students from 54 different countries attended the congress.

This year

In 2009 our aim is to attract a higher quality of research from an even wider range of countries. We are proud to present **two Nobel prize winners** as key-note speakers this year! Prof. dr. Ferid Murad and Prof. dr. Robin Warren will both give an interesting lecture at our congress. This year we pay special attention to the expansion of our dentistry programme.

Opportunities

To make the congress more accessible for international students, presenters can apply for a travel grant. These will be awarded to a selected number of students. The ISCOMS also offers you the possibility to participate in a two-week research fellowship (IRF) following the congress at one of the research institutes in the UMCG.

For more information you can visit our website www.iscoms.com or you can contact us by email: iscoms@med.umcg.nl.

We are looking forward to hearing from you!

Kind regards,

Committee of International Contacts ISCOMS 2009

FACTS:

Date: 2-5 June 2009

Location: University Medical Center Groningen

Country: The Netherlands

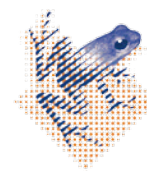

Topic: All fields of (bio)medical and dentistry research

Who: undergraduate students, graduate students and post doctoral scientists

Deadline for abstract submissions: February 15th 2009
