## Information on the Grade Book of Clinical Skills

The Grade Book of Clinical Skills certifies the basic clinical skills observed and acquired by the students majoring in General Medicine at the University of Pécs Medical School.

The Grade Book includes practical skills, including diagnostic and therapeutic procedures selected by leading clinicians on the basis of international guidelines, training and qualification requirements (KKK), competencies required to the medical degree, that all future physicians should personally experience and perform. The completion of the Grade Book is one of the prerequisites for admitting the student to the final state exam.

Students of the Medical School are issued the Grade Book of Clinical Skills at the beginning of the preclinical module. Students are expected to fully complete the skills at their individual pace towards so as to obtain the pre-degree certificate, generally within a four year period. Skills may be accomplished during the compulsory practices included in the timetable, during elective and optional courses, skills development courses, and, beyond the formal timetable, such as being on duty, within the framework of scientific projects (TDK) or student demonstration activities (DDK), during obligatory or optional summer practices, clinical block practices, at certified practices of the final academic year or at the Medical Skills Laboratory (MediSkillsLab). Out of the Hungarian university clinics, teaching or practicing hospitals, wards and medical offices, clinical skills can be accomplished at specific foreign institutions which are accredited for completion of clinical practices and are registered by the UPMS as practical training sites, and can be certified by their accredited specialists entitled to acknowledge students' performance by signing the Grade Book of Clinical Skills.

Selected specialists representing the area of the specific skill are entitled to verify, in writing, the fulfillment of the requirements. University lecturers (professors, assistant lecturers, senior and junior lecturers), senior physicians, clinical consultants, Skills Laboratory instructors and specialists of the given medical field at university clinics and teaching hospitals are entitled to present the skills, make the students acquire these and certify the effective completion of the skills in the Grade Book. They are accredited by the Faculty based on the recommendation of the course directors of the given field of medicine.

To initiate the accreditation of a new individual, please forward the data (name, place of employment, position and or job title, medical area, specialist examinations, sample signatures, seal number and sample seal) of the recommended specialist (medical doctor having passed the qualifying examination in the given medical field) to the Vice-Dean for Education, through the Registrar's Office ([registrars.office@aok.pte.hu](mailto:registrars.office@aok.pte.hu)). The form can be downloaded from the Registrar's Office website.

Adjacent to the names of the skills, the required level (Level) is indicated with the number of occasions, how many times the student is expected to perform or view the given skill (Number), and the names of those departments are also indicated whose appointed lecturers are authorized to certify the completion of the skills.

The allocated space (number of lines) used for signatures corresponds to the number of occasions required. The date of accomplishment, the name of instructor and the seal number can be entered by the student in legible block letters, and then signed and stamped by the certifying physician. In case of foreign practical training sites the physician's seal can be replaced with the institutional seal without any seal number. Signatures without a seal can be accepted in special cases (e.g. if neither medical nor institutional seal are in use in the country). If the specialist signs the same page several times, date, signature and seal number are required in each row, but only one readable seal per page is required.

The Grade Book is an official document, and, in the event it is lost, damaged or rendered illegible, certification of the skills and/or repeated fulfillment is required. In consideration of the Grade Book's relevance, the booklet is to be treated with the utmost respect, special care and it is deemed worthy to regularly make back-up copies certified by the Registrar's Office.

The section "Additional Acquired Skills" can be found at the end of the Grade Book. Clinical skills entered in this section can be selected by the students on the advice of the lecturer. Completion of the same skill here can only be accepted on three occasions.

### Levels of skills (Level):

- 1 Task to be accomplished and personally performed by the student.
- 2 Intervention, procedure (upon patients, models, phantoms or through the use of diagrams, videos, etc.) to be presented for the student.

## Codes of departments providing and certifying the completion of the specific skills at the University of Pécs and other potential venues for completion

AEI:	Department of Primary Health Care	Primary Care Physicians, Occupational Health Centers, General Practitioners
AITI:	Department of Anaesthesia and Intensive Therapy	Departments of Anaesthesia and Intensive Therapy, Intensive Care Units
Int:	Departments of Internal Medicine	Departments of Internal Medicine, Departments of Medicine
Int1	1 <sup>st</sup> Department of Internal Medicine	Departments of Internal Medicine, Departments of Medicine
Int2	2 <sup>nd</sup> Department of Internal Medicine and Nephrology Centre	Departments of Internal Medicine, Departments of Medicine
Derm:	Department of Dermatology, Venereology and Oncodermatology	Departments of Dermatology, Venereology and Oncodermatology
Vasc:	Department of Vascular Surgery	Departments of Vascular Surgery, Surgery Wards
Dent:	Department of Dentistry, Oral and Maxillofacial Surgery	Departments of Dentistry, Department of Oral and Maxillofacial Surgery, Dental Offices and Centers
ENT:	Ear-Nose-Throat (ENT) Department (Department of Otorhinolaryngology)	Departments of Otorhinolaryngology, Ear-Nose-Throat Departments
Genet:	Department of Medical Genetics	Departments of Medical Genetics, Departments of Paediatrics
Paed:	Department of Paediatrics	Departments of Paediatrics, Departments of Paediatric Surgery, Childrens' Hospitals
Neurosurg:	Department of Neurosurgery	Departments of Neurosurgery, Departments of Brain Surgery
Forensic:	Department of Forensic Medicine	Departments of Forensic Medicine
Clin:	University hospitals, clinics of the UPMS	Accredited in-patient departments of teaching hospitals or clinical wards
Lab:	Department of Laboratory Medicine	Clinical Diagnostic Laboratories, Hospital Central Laboratories
Neur:	Department of Neurology	Departments of Neurology
Oncol:	Department of Oncotherapy	Departments of Oncotherapy, Departments of Oncology
Orthop:	Department of Orthopaedics	Departments of Orthopaedics
Psych:	Department of Psychiatry and Psychotherapy	Departments of Psychiatry, Departments of Psychotherapy, Departments of Psychosomatics
Pulm:	1 <sup>st</sup> Department of Internal Medicine – Division of Pulmonology	Departments and Wards of Pulmonology
Rad:	Department of Radiology	Departments of Radiology, Departments of Hospital Diagnostic Imaging
Rheuma:	Department of Rheumatology and Immunology	Departments of Rheumatology and Immunology
Surg:	Surgery Clinic	Surgical Clinics, Departments and Wards of Surgery
Skill:	MediSkillsLab – Medical Skills Lab	Simulation Training Laboratories, Skill Laboratories
Emerg:	Department of Emergency Medicine	Departments of Emergency Medicine, Hospital Emergency Centers, Emergency Rooms
SOKI:	Department of Surgical Research and Techniques	Institutes of Experimental Surgery, Departments of Surgical Research and Techniques
Ophthalm:	Department of Ophthalmology	Departments of Ophthalmology, Ophthalmologic Outpatient Departments
Heart:	Heart Institute	Departments of Cardiology, Departments of Cardiac Surgery, Heart Centers
Gyn:	Department of Obstetrics and Gynaecology	Departments of Obstetrics and Gynaecology
Trauma:	Department of Traumatology and Hand Surgery	Departments of Traumatology, Trauma Centers
Urol:	Department of Urology	Departments of Urology

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Internal Medicine history taking and physical examination, case history (inspection of the patient, examination of the nose, pharynx and the oral cavity, inspection of the mucous membranes, palpation of the salivary glands, palpation of the lymph nodes, inspection and palpation of the skin, examination of turgor and edema, examination of the thorax, examination of apical beat, percussion of cardiac boundaries, auscultation of the heart sounds, murmurs, palpation, percussion, auscultation of the abdomen, palpation of the liver and the spleen, rectal digital examination, palpation of thyroid gland, pectoral fremitus, examination of the pulse, lung boundaries, excursion of the diaphragm, auscultation, percussion of the lungs, measurement of blood pressure, palpation of the kidneys, measurement of somatometric data, assessment of genital developmental condition, assessment of psychological and social health condition)	1	15	AEI, Int				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Disease prevention, screening, health promotion on individual and on a society level	1	5	AEI, Clin				
ABPM (ambulatory blood pressure monitoring)	2	1	Heart, Int				
Recording and evaluating an ECG	1	10	AEI, Heart, Int, Paed				
Holter ECG monitoring	2	1	Heart, Int1				
Calculation of ankle-brachial index (ABI)	2	1	AEI, Clin				

<b>Intervention or skill to be acquired</b>	<b>Level</b>	<b>No.</b>	<b>Department authorised to certify the skill</b>	<b>Date of accomplishment</b>	<b>Name of instructor in block letters</b>	<b>Signature of the instructor</b>	<b>Seal number of the instructor</b>
Planning disease-specific diets	1	1	AEI, Clin				
Application of an insulin dosing device	2	1	Int, Paed				
Continuous blood glucose monitoring (CGM)	2	1	Int				
Inhalation therapies. Administering inhalative medication	2	1	Paed, Pulm				
Use of drug delivery pump	2	5	Clin				
Bone marrow biopsy and aspiration	2	1	Int1, Paed				
Examination of bone marrow smear	2	1	Int1, Paed				
Bone marrow transplantation, stem cell transplantation	2	1	Int1, Paed				
Monitoring the pH of the stomach	2	1	Int1				
Hydrogen exhalation test	2	1	Int1				
Body plethysmography	2	1	Pulm				
Echocardiography	2	1	Heart, Int, Skill				
Carotis massage and atropin test	2	1	Heart, Int				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Home medical care of patient	1	3	AEI				
Placement of a nasogastric tube	2	1	AITI, ENT, Int, Neur, Paed, Skill, Surg				
Ascites puncture (ascitic tap)	2	1	Int				
Esophago-gastro-bulboscopy	2	1	Int				
Colonoscopy	2	1	Int				
Endoscopy and/or endoscopic ultrasound examination of the hepatobiliary system	2	1	Int				
Peritoneal dialysis	2	1	Int2				
Haemodialysis	2	1	Int2				
Bronchoscopy	2	1	Int, Pulm				
Lung function testing, Spirometry	1	1	AEI, Clin				
Ergometry, exercise stress testing, spiroergometry	2	1	Heart, Int, Pulm				
Assembling infusion, use of infusion therapy	1	5	Clin, Skill				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Therapeutic plasmapheresis	2	1	Int1				
Renal biopsy	2	1	Int2, Urol				
Emergency medicine history taking and physical examination, preparation of a diagnostic and therapeutic plan, assessment physical and mental health condition, assessment of alcohol and drug intoxication and addiction, management of the patients route in the health care system, compilation of documentation, evaluation of findings	1	5	AEI, Clin				
Gastric lavage	2	1	AITI, Emerg, Int, Paed				
Surgical history taking and physical examination, preparation of a diagnostic and therapeutic plan, evaluation of test results, compilation of patient documentation	1	10	Paed, Surg				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Traumatological history taking and physical examination, preparation of a diagnostic and therapeutic plan, evaluation of test results, compilation of patient documentation	1	10	Emerg, Paed, Skill, Trauma				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Wound evaluation, care and dressing of a wound	1	10	Emerg, Paed, Skill, Surg, Trauma, Vasc				
Wound treatment with surgical suture	2	1	ENT, Gyn, Orthop, Paed, Skill, SOKI, Surg,Urol, Trauma, Vasc				
Stabilization of broken extremities	2	1	Paed, Trauma				
Reposition of a closed bone fracture	2	1	Paed, Trauma				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Preoperative preparation, hand disinfection, preparation of the operative field, dressing up for operation, assisting	1	10	ENT, Gyn, Heart, Orthop, Paed, SOKI, Surg, Trauma, Urol, Vasc				
Assessment of an acute abdomen	2	1	Emerg, Int, Paed				
Thoracic and abdominal surgical interventions	2	1	Surg				
Proctologic and anal operation	2	1	Surg				
Laparoscopic operation	2	1	Paed, Skill, SOKI, Surg				
Coronary angiography and coronary catheter interventions	2	1	Heart				
Pacemaker implantation	2	1	Heart				
Vascular operation	2	1	Vasc				
Transthoracic needle biopsy	2	1	Pulm				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Infiltrational anaesthesia	2	1	Surg, Trauma				
Stoma care	2	1	Paed, Skill, Surg, Urol				
Neurological history taking and physical examination, preparation of a diagnostic and therapeutic plan, evaluation of test results, compilation of patient documentation	1	10	Neur, Paed				
Psychiatrical history taking and physical examination, preparation of a diagnostic and therapeutic plan, evaluation of test results, compilation of patient documentation	1	5	Psych				
Polysomnography	2	1	Neur				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Electromyography (EMG) examination	2	1	Neur				
Evoked potential examination	2	1	Neur				
EEG examination	2	1	Neur, Paed				
Carotid ultrasound	1	1	Neur, Rad				
Attending antenatal counselling	1	5	Gyn				
Genetical interventions in obstetrics	2	1	Gyn, Skill				
Examination of a pregnant woman in the 3 <sup>rd</sup> trimester	1	5	Gyn				
Pregnancy ultrasound examination	2	1	Gyn				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Examination of fetal heart function	1	5	Gyn				
Observation of a labouring woman in the birth room	1	5	Gyn				
Conducting labour	2	1	Gyn, Skill				
Observation of the placental stage of delivery	1	5	Gyn				
Caesarean section	2	1	Gyn				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Puerperal care	1	5	Gyn				
Gynaecological history taking and physical examination, preparation of a diagnostic and therapeutic plan, evaluation of test results, compilation of patient documentation	1	3	Gyn, Skill				
Ultrasound examination in gynaecology	2	1	Gyn				
Gynaecologic laparoscopy	2	1	Gyn, Skill				
Abdominal operation in gynaecology	2	1	Gyn				
Vaginal operation in gynaecology	2	1	Gyn				
Minor surgery in gynaecology	2	1	Gyn				
Hysteroscopy	2	1	Gyn				
IUD insertion and removal	2	1	Gyn				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Urologic history taking and physical examination, preparation of a diagnostic and therapeutic plan, evaluation of test results, compilation of patient documentation	1	5	Urol				
Practising typical prostate palpation findings on a phantom	1	5	Skill, Urol				
Urologic macroscopic and microscopic examination of the urine	1	5	Urol				
Presentation of typical urological instrumental examinations, biopsies and operations	2	1	Urol				
Urological ultrasound examination	2	1	Urol				
Catheterization of the female urethra and removal of the catheter	1	1	Clin, Skill				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Catheterization of the male urethra and removal of the catheter	1	1	Clin, Skill				
Insertion, replacement and cleansing of transrenal drain	2	1	Urol				
Uroflowmetric examination	2	1	Urol				
Closed circuit venous blood sampling	1	5	AEI, Clin, Lab, Skill				
Blood sampling from the finger pad	1	5	AEI, Clin, Skill				
Preparation and examination of a blood smear	1	5	Clin, Lab				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Capillary blood sampling for blood gas analysis	1	5	AEI, Clin				
Liquor examination, liquorcytology	2	3	Neur, Paed, Skill				
Blood glucose determination	1	5	AEI, Clin				
Routine urinalysis (rapid test, protein, bilirubin, UBG, specific gravity, pH, urin sediment)	1	5	AEI, Clin, Lab				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Faecal occult blood test	1	2	AEI, Int, Lab				
Evaluation and interpretation of laboratory findings	1	10	AEI, Clin, Lab				
Blood typing	1	3	Clin, Lab				
Participating in performing transfusion	1	1	Clin				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Sampling for microbiological examination (urine, pharynx mucus, sputum, wound excrete, blood culture, stool, etc.)	1	5	AEI, Clin				
Evaluation of typical X-ray pictures (thoracic, abdominal, bone, etc.)	1	5	Orthop, Paed, Rad, Trauma				
Evaluation of typical CT, MRI pictures	1	5	Clin, Rad				
Typical radiologic examinations (diagnostic X-ray, MRI, CT, mammography)	2	1	Clin, Rad				
Routine ultrasound examinations (abdominal, soft tissue, vascular/Doppler, etc.)	2	1	Clin, Paed, Rad, Skill				
Arterial angiography and vascular intervention	2	1	Rad				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Nuclear medicine examinations	2	1	Rad				
Examination of reaction to radiation-exposure (skin, mucous membrane)	2	1	Oncol				
Nonvascular radiologic intervention	2	1	Rad				
Emergency ultrasound, focused assessment with sonography for trauma (FAST)	2	1	AITI, Emerg, Paed, Pulm, Rad, Skill, Trauma				
Urological X-ray examinations, intravenous urography, anterograde pyelography, cystography	2	1	Rad, Urol				
Dermatological history taking, physical and instrumental examination, preparation of a diagnostic and therapeutic plan, evaluation of test results, compilation of patient documentation	1	5	Derm				
Treatment of crural ulcers	2	1	AEI, Clin				
Treatment of bedsore (decubitus)	2	1	AEI, Clin				
Allergy skin test	2	1	Derm, Pulm				
Light sensitivity test	2	1	Derm				
Phototherapy	2	1	Derm				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Paediatric history taking and physical examination at infants, children, new-born babies. (General condition, development, state of nourishment, measurement of somatometric data. Examination of the skin, of the turgor, oedema. Examination of the mucous membranes. Examination of the ear, nose, oral cavity pharynx and tongue. Chest examination. Auscultation and percussion of the lungs. Heart sounds, heart murmurs, pulse, capillary function, palpation of the a. femoralis. Palpation of the abdomen, auscultation of intestinal sounds. Examination of the navel. Palpation of the liver and spleen. Examination of the urogenital organs. Examination of meningeal signs, focal neurological signs, reflexes)	1	10	Paed				
Examination and evaluation of the signs of puberty	1	5	Paed				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Infant-resuscitation on a phantom	1	5	Paed, Skill				
The application and assessment of the Glasgow Coma Scale (GCS) in childhood	1	5	Paed				
Administration of im., sc., iv. injections in infants and children	2	1	Paed				
Intravenous cannulation in infants and children	2	1	Paed, Skill				
Development-neurological examination	2	1	Genet, Paed				
Genetic counseling	2	1	Genet, Paed				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Taking blood pressure in new-born babies, infants and children	1	5	AEI, Paed				
Ear-nose-throat (ENT) history taking and physical examination, preparation of a diagnostic and therapeutic plan, evaluation of test results, compilation of patient documentation	1	5	ENT				
Typical ENT examination using instruments	2	1	ENT				
Conicotomy	2	1	AITI, Emerg, ENT, Skill				
Orthopaedic history taking and physical examination, preparation of a diagnostic and therapeutic plan, evaluation of test results, compilation of patient documentation	1	5	Orthop				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
History taking and physical examination of patients with chronic locomotor diseases, preparation of a diagnostic and therapeutic plan, evaluation of test results, compilation of patient documentation	1	5	Orthop, Rheuma				
Starting medical rehabilitation, documentation and evaluation	1	1	Clin				
Medical rehabilitation techniques	2	1	Clin				
Medical first aid	1	5	AEI, Clin, Skill				
Basic life support (BLS)	1	5	Clin, Skill				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Complex cardiopulmonary resuscitation (advanced life support, ALS)	1	5	Clin, Skill				
Artificial respiration using a face mask at adults	1	10	AITI, Emerg, Skill				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Introduction of a laryngeal mask at adults	1	5	AITI, Emerg, Skill				
Endotracheal intubation at adults	1	5	AITI, Emerg, Skill				
Defibrillation, electrical cardioversion	2	1	AITI, Heart, Int, Skill				
Evaluation of disorientations and of the Glasgow Coma Scale (GCS) at adults	1	5	AITI, Emerg, Int, Neur				
Demonstration of the application of an anaesthesia workstation	2	1	AITI, Int, Neur				
Application of oxygen therapy	1	1	Clin				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Epidural anaesthesia	2	1	AITI, Skill				
Insertion of a central venous catheter	2	1	AITI				
Measurement of the central venous pressure	2	1	AITI				
Injection (subcutaneous, intramuscular and intravenous)	1	10	AEI, Clin, Skill				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Puncture and cannulation of peripheral vein in adults	1	10	AEI, Clin, Skill				
Intraosseous cannulation	2	1	AITI, Emerg, Int, Paed, Skill, Trauma				
Suction of the oral cavity and pharynx	2	1	AITI, Int, Neur, Paed				
Arterial puncture	1	1	AITI, Emerg, Int, Neur, Skill, Heart				
Sampling of blood for arterial blood gas analysis	2	1	AITI, Heart, Int				
Locoregional anaesthesia	2	1	AITI, Trauma				
Invasive arterial blood pressure monitoring	2	1	AITI, Heart, Int				
Pleural tap (thoracic puncture), insertion of pleural drain	2	1	AITI, Int, Paed, Pulm, Surg, Trauma				

Intervention or skill to be acquired	Level	No.	Department authorised to certify the skill	Date of accomplishment	Name of instructor in block letters	Signature of the instructor	Seal number of the instructor
Diagnosis and management of pneumothorax	2	1	AITI, Emerg, Int, Paed, Pulm, Skill, Surg				
Basic dental examination	1	5	Dent				
Ambulatory dental surgical interventions	2	1	Dent				
Ophthalmologic history taking and physical examination, preparation of a diagnostic and therapeutic plan, evaluation of test results, compilation of patient documentation	1	5	Ophthalm				
Instrumental examinations in ophthalmology	2	1	Ophthalm				
Ophthalmologic emergency treatment	2	1	Ophthalm
