

Recommended elective and optional subjects - General Medicine major		
Subject ID	Subject title	Type
<b>Recommended semester</b>	<b>1st semester</b>	
OAE-BFA-T	Physical Basis of Biophysics	elective
OAF-BBM-T	Introduction to Biometrics	optional
OAF-BFM-T	Problem Solving in Biometrics	optional
OAF-TMR-T	University Learning Skills	optional
OAF-VB1-T	How to Take the Exam in Molecular Cell Biology? 1	optional
OAF-NS1-T	Nobel Prize Awarded Cell Biology 1	optional
OAF-UMO-T	The Road to Molecular Medicine	optional
<b>Recommended semester</b>	<b>2nd semester</b>	
OAE-BDR-T	Dissection Practices of Dorsal Regions	elective
OAE-BO2-T	Biophysics Seminars 2	elective
OAE-BVR-T	Dissection Practices of Ventral Regions	elective
OAE-EMA-T	Basic Principles of Electron Microscopy in Clinical Practice and Biological Research	elective
OAE-MS2-T	Experiments in Molecular Cell Biology 2	elective
OAE-MOM-T	Molecular Medicine	elective
OAE-BDR-T	Dissection Practices of Dorsal Regions	elective
OAE-BVR-T	Dissection Practices of Ventral Regions	elective
OAF-ABK-T	Basics of Biochemistry	optional
OAF-FBT-T	History of Infectious Diseases	optional
OAF-N07-T	Clinical Terminology	optional
OAF-N04-T	Anatomical Terminology	optional
OAF-VB2-T	How to Take the Exam in Molecular Cell Biology? 2	optional
OAF-NS2-T	Nobel Prize Awarded Cell Biology 2	optional
<b>Recommended semester</b>	<b>3rd semester</b>	
OAE-BKF-T	Biochemistry - Questions and Answers	elective
OAE-DM1-T	Demonstrator Activity	elective
OAE-EPS-T	Health Psychology	elective
OAE-EFI-T	Electrophysiology	elective
OAE-HL1-T	Advanced Physiology 1	elective
OAE-TD1-T	Student Project Research	optional
OAF-KV1-T	Assessment and Management of Critically Ill Patients - Case-based Simulation	optional
OAF-MBK-T	Modern Biophysical Research Methods	optional
OAF-ANH-T	Borderline Anatomy	optional
OAF-IE1-T	Forensic Medical Genetics 1	optional
OAF-MGE-T	Molecular Gerontology	optional
OAF-STH-T	Advanced Histology	optional
<b>Recommended semester</b>	<b>4th semester</b>	
OAE-DM2-T	Demonstrator Activity	elective
OAE-HL2-T	Advanced Physiology 2	elective
OAE-MAF-T	Relationship Between Intrauterine Development and Anatomical Situs	elective
OAE-TD2-T	Student Project Research	elective
OAE-EAH-T	Physiology of the Adaptation Limits of the Human Body	elective
OAF-OBQ-T	Medical Biochemistry - Questions and Answers	optional
OAF-TKE-T	The Ethics of Scientific Research	optional
OAF-BER-T	Bioenergetics	optional
OAF-IE2-T	Forensic Medical Genetics 2	optional
<b>Recommended semester</b>	<b>5th semester</b>	
OAE-DM3-T	Demonstrator Activity	elective
OAE-MAO-T	Behavioural Medicine	elective
OAE-N65-T	Taking Medical History with Actors; Simulation Practices in the MediSkillsLab 1	elective

OAE-TD3-T	Student Project Research	elective
OAE-IM1-T	Immunopathology 1	elective
OAF-N87-T	Empathic and Assertive Communication in Clinical Practice	optional
OAF-VK1-T	How to Pass Pathophysiology 1 Successfully?	optional
OAF-KUO-T	Medical Humanities	optional
<b>Recommended semester</b>	<b>6th semester</b>	
OAE-ABI-T	Applied Biometrics	elective
OAE-DM4-T	Demonstrator Activity	elective
OAE-N66-T	Taking Medical History with Actors; Simulation Practices in the MediSkillsLab 2	elective
OAE-TD4-T	Student Project Research	elective
OAE-ALL-T	Allergology	elective
OAE-GER-T	Basics of Gerontology	elective
OAE-KMT-T	Case Reports in Clinical Microbiology	elective
OAF-TV7-T	Experimental Planning - Explained!	optional
OAF-VK2-T	How to Pass Pathophysiology 2 Successfully?	optional
OAF-VAE-T	Pathophysiology of Blood Cells	optional
<b>Recommended semester</b>	<b>7th semester</b>	
OAE-DLB-T	From the MediSkillsLab to Bedside: Practical and Theoretical Training to Become a Clinical Demonstrator (DDK)	elective
OAE-DM5-T	Demonstrator Activity	elective
OAE-GOR-T	Medical Communication in Practice 1	elective
OAE-GST-T	Special Fields of Pharmacology	elective
OAE-KB1-T	Clinical Block-Practice	elective
OAE-MIA-T	Current Hot Topics in Medical Microbiology	elective
OAE-NKA-T	Modern Cardiovascular Diagnostics and Therapy	elective
OAE-TD5-T	Student Project Research	elective
OAE-ZI1-T	Anaesthesia 1	elective
OAF-FM2-T	Data Analysis 2	optional
OAF-FMA-T	Data Analysis 1	optional
<b>Recommended semester</b>	<b>8th semester</b>	
OAE-DM6-T	Demonstrator Activity	elective
OAE-KB2-T	Clinical Block-Practice	elective
OAE-OFE-T	Medical Responsibility, Medical Malpractice	elective
OAE-POF-T	Problem-based Pharmacology	elective
OAE-TD6-T	Student Project Research	elective
OAE-NKA-T	Modern Cardiovascular Diagnostics and Therapy	elective
OAF-EOB-T	Vascular Surgery - Operative Therapy	optional
OAF-FSM-T	Ear Surgery in Practice	optional
OAF-GKF-T	General ENT Practical Course	optional
<b>Recommended semester</b>	<b>9th semester</b>	
OAE-DM7-T	Demonstrator Activity	elective
OAE-HTK-T	Advanced Level Traumatology Manual Skill Course	elective
OAE-KB3-T	Clinical Block-Practice	elective
OAE-SUO-T	Emergency Medicine	elective
OAE-TD7-T	Student Project Research	elective
<b>Recommended semester</b>	<b>10th semester</b>	
OAE-DM8-T	Demonstrator Activity	elective
OAE-KB4-T	Clinical Block-Practice	elective
OAE-NEG-T	Neurological Differentialdiagnosis, Rare Neurological Diseases, Neurogenetics	elective
OAE-NKE-T	Clinical Cases: Nephrology, Diabetology, Hypertension	elective
OAE-TD8-T	Student Project Research	elective
OAF-GOO-T	Medical Communication in Practice 2	optional
