

Hungarian-American Enterprise Scholarship Fund

Call for applications!

HAESF offers programs for Hungarian students and professionals to gain valuable experience in the United States, thereby enhancing their potential for future contribution to Hungarian society.

Professional Internship Program

The Professional Internship Program grants fully funded 6 month internships at prominent American companies and organizations. Open to current students and recent graduates from Hungary. Relevant fields include business, economics and finance, engineering, public administration, arts and culture, and the sciences.

Senior Leaders & Scholars Fellowship

The Senior Leaders & Scholars Fellowship provides full funding to distinguished mid- and senior-level Hungarian professionals in business, public administration, and sciences to pursue independently arranged 3-9 month projects in the U.S. At the heart of the program, it is meant to foster the exchange of ideas between Hungarians and Americans and to stimulate international collaboration and research efforts.

Entrepreneurship Development Program

The newest HAESF program offers Hungarian Entrepreneurs the opportunity to train with a U.S. host organization. These 4-6 month training fellowships are designed to provide participants with the opportunity to learn from U.S. entrepreneurs and practice the creative risk-taking that is critical to entrepreneurial success.
